

ABA Tech Show 2024

TrialLine is thrilled to announce that we will be showcasing at the ABA Tech Show 2024 in Chicago, Illinois on February 14-17, 2024. As the frontrunners of legal timeline software and trial presentations tools, TrialLine is proud to be exhibiting at the prestigious American Bar Association Tech Show 2024 at Booth 300.

Come by our booth to experience firsthand how TrialLine can transform the way you approach legal timelines. Our team will be available at Booth 300 to provide live demonstrations, answer questions, and showcase the unique capabilities that set TrialLine apart in the legal tech landscape.

TrialLine – Booth 300

About us

TrialLine Case Timelines Show Your Case and Win

At TrialLine, we have revolutionized the way law firms and attorneys present and manage their cases. TrialLine is a cloud-based, storytelling legal timeline software that gives attorneys maximum insight into cases, empowering legal professionals to create customized legal timelines that clearly and convincingly communicate the crucial details of each case. With TrialLine, users can display events in an easy-to-understand, event-by-event format, offering a comprehensive overview of the case's progression.

CLIENT TESTIMONIALS

NATASHA C.
Paralegal

"TrialLine is every legal professional's DREAM when it comes to creating a clear understanding of the case. From the first time I used TrialLine I was hooked. I will be using it on every case moving forward."

SOMMER L.
Attorney

"I absolutely recommend TrialLine to any lawyer. We use TrialLine for all aspects of our case, from organizing documents, to mediation, and through trial. We even use it to help our clients better understand their cases."

PAM M.
Attorney

"If you have not seen everything TrialLine can do, you need to check it out. It's user friendly and has amazing features! It's so easy for my team to organize case facts and sort by categories that we use it to strategize as well as organize."

DO MORE FASTER PRODUCT FEATURES

Securely store your files digitally and access and share them through any internet connection, on any device. That means attorneys can work from anywhere at any time, without having to haul around heavy case files. Create customized views to share with different stakeholders, clients and partners. Views include only the information you decide to include, and are password protected. Export medical record summaries in seconds. TrialLine events are easily organized by category, and can be exported as clean chronologies with the push of a button.

ADDITIONAL FEATURES

- Create Powerful Slide Shows
- Customizable Color Palettes and Images
- Set Up Teams and Collaborate
- Leave Comments and Notes for Other Team Members
- Create Multiple Views with Filtered Categories
- Share Online with Mediators & Court
- Use in Trial w/ Tablet
- Online & Offline Sync
- Mobile Ready
- HIPAA Compliant Security
- Realtime Technical Support
